Hello Margie,

As I said, we are thankful for the opportunity to review it.

I'm afraid I found an error in the previous version I just sent. Would you mind please disregarding that version and using the attached instead?

Thank you.

Margie,

Attached are EPA's comments on the Rosemont Copper Project Supplemental Information

Report. As noted at the beginning of our letter, these comments represent a best effort to provide feedback on a few key issues, but should not be assumed to include all potential concerns regarding this material that might be identified by a more thorough examination.

Thank you for allowing us this opportunity to provide our informal feedback on this document.

Regards,

Carter
